

rhino-hide®
INDUSTRIAL GRADE

16 Series Pre-cut Sleeve Design for 4/0 Cable Assembly

Features & Benefits

- Eliminates the time lost cutting cam sleeves to size, saving labor costs for users and reducing their potential downtime
- Pre-cut for a user's specific needs—ending possible waste of a product that can occur from errors in manual cutting
- Securely fits around any type W 4/0 wire
- UV resistant Sleeves are constructed from shatter and crack proof thermoplastic elastomer (TPV - Santoprene)
- Compatible with any competitive UL compliant 16 series device
- High conductivity with positive, vibration-proof connections
- Bulk-packed 25 in a carton with contacts, sleeves and assembly components separated for convenience
- Other colors available; please contact your Leviton sales person

Featuring 35kA SCCR rating
Operational temperature:
-40 °F to 185 °F (-40 °C to 85 °C)
