

Non-Metallic Extra Duty Weatherproof While-In-Use Covers

The new Leviton Extra Duty While-in-Use Covers are ruggedly constructed to protect from moisture, debris and insects, while providing easy access to receptacles. These non-metallic covers are available in both vertical and horizontal configurations for a secure fit and neat appearance when mounted. The UV resistant polycarbonate cover and base protect wiring devices from the elements without breaking, cracking or discoloration.

The Extra Duty While-in-Use Covers are available in solid Gray or Clear with a gray base. They are ideal for use with lawn equipment, pools, hot tubs, holiday and landscape lighting, outdoor entertainment systems, barbecues, fountains, vending machines and other outdoor electrical applications.

Our Extra Duty While-in-Use Covers are built to withstand the elements and feature:

- Compliance with NEC® 2017 Section 406.9(B)(1) for "Extra Duty" applications hoods*
- Standard opening accommodates Decora® GFCI devices and additional adapter plates included
- Pre-mounted heavy-duty gasket provides a weather-resistant seal which protects from moisture and adds to ease of installation
- The 1-gang covers include two inserts that can be placed in the circular cord openings to prevent insects and debris from entering the cover while not in use
- 1-gang covers feature a stainless steel hinge pin for added strength
- 1 and 2-gang available
- Gray and clear
- Safety lock feature
- cULus listed
