Affordable high quality NVR solutions

Wisenet A series 4CH, 8CH, and 16CH NVRs support maximum camera resolutions of up to 8MP and H.265, H.264, and MJPEG codecs. The improved installation wizard and 4K resolution monitor output make system setup simple and monitoring crystal clear. Increased accessibility options include the use of P2P connections, the Wisenet Mobile application, and on PC or Mac with Wisenet Viewer CMS.
