Mounting Plate for D8103 B12

en Installation Guide

1 | Overview

This mounting plate is required when installing B5512/B4512 Control Panels, the B520 Aux Power Module, or other similar devices into D8103 Universal Enclosures, D8108A Attack Enclosures, or D8109 Fire Enclosures.

Callout	Description
1	Hook tabs
2	Support post
3	Lock down tab

2 | Installation

2.1 | Install the standoffs

Place four plastic standoffs onto the four support posts in *Callout #2*. (Standoffs provided separately with the device being mounted.)

NOTICE!

Do not attach the standoffs with screws at this time.

2.2 | Place the device

Refer to the following illustration for installing a device.

2.3 | Attach the standoffs

Attach the device to the mounting plate with screws as shown above. (Separate screws come with installed device).
